

A Horse's Tale Colonial Cards

To make colonial cards print out the 2 sheets of images and 2 blank "glossary" sheets. Using the glossary in the back of the book, have the students write the 12 definitions that correspond with the 12 images inside the spaces provided on the blank sheets. Students can work together or alone to complete the blank "glossary" cards. When finished, laminate all four sheets SEPERATELY. You should now have 4 laminated sheets (the blank glossary sheets now filled in with definitions and the two sheets with the images). Cut the sheets into playing cards using the black lines as guidance. You now have a set of 24 colonial playing cards (12 colonial images and 12 definitions).

Students can play games similar to Go Fish or Match Game - matching a definition with the correct image. You can also choose to make a double set of image cards and play the same card games but matching images only instead of images and definitions. Maybe the students can come up with their own idea for a game!
